MEET KOTADIYA

IOS DEVELOPER

Ahmedabad, Gujarat | +91 70692-23256 | kotadiyameet38@gmail.com

SUMMARY

iOS Developer with 2 years of hands-on experience building and maintaining production-ready native apps in Swift, UIKit and SwiftUI. Strong in REST API integration, clean and responsive UI, offline-first data handling, and real-world e-commerce, POS and payment workflows. Comfortable across the full iOS cycle, from UI implementation and API integration to debugging and performance tuning.

TECHNICAL SKILLS

Language: Swift

iOS Frameworks: UIKit, SwiftUI, Auto Layout

Networking: REST APIs, JSON, Alamofire

Libraries / SDKs: Firebase, SkeletonView, SDWebImage, Kingfisher, Google Maps/Places, IQKeyboardManager

Tools: Xcode, Git, GitHub, CocoaPods, SPM

Additional: Python, HTML, CSS, JavaScript

Data / Offline: SQLite, FMDatabase, Local Caching, Sync

Specialized: NFC/HID Scanner, OTP, POS, Payment Flows

KEY HIGHLIGHTS

E-commerce & Payments
Cart, checkout, coupons, gift wrap, tips and payment flows

POS & Hardware
NFC/HID card scanning, customer credit checks, OTP verification

Offline-First
SQLite/FMDatabase caching with background sync

Native iOS
Swift, UIKit, SwiftUI with reusable, responsive UI

WORK EXPERIENCE

iOS Developer, Codlens Innovation LLP (Surat, Gujarat) **18 Aug 2025 – 25 Aug 2026**

- Developed and maintained production iOS applications using Swift, UIKit, SwiftUI and Xcode.
- Built reusable UI components, collection views, forms, custom interactions and responsive layouts.
- Integrated REST APIs, parsed JSON responses, handled validation and resolved API/data-type issues.
- Worked with Alamofire, Firebase, SkeletonView, SDWebImage/Kingfisher and other iOS SDKs.
- Implemented e-commerce features including cart, checkout, coupons, gift wrap, tips and payment flows.
- Developed POS features including NFC/HID card scanning, customer credit checks and OTP verification.
- Implemented offline mode with SQLite/FMDatabase, local caching and data synchronization.
- Investigated and fixed UI, networking, navigation, parsing and performance issues with the team.

iOS Developer, Stricker Apps **2024**

- Developed iOS application features using Swift, UIKit, SwiftUI and Xcode.
- Worked on UI implementation, application logic, API integration, debugging and feature enhancements.
- Used Git/GitHub and followed standard iOS development and version-control workflows.

EDUCATION

B.Sc. Information Technology **2024**
Atmiya University

HSC (Higher Secondary) **2019–2021**
Shree Swaminarayan Gurukul, Rajkot

SSC (Secondary School) **2018–2019**
Shree Swaminarayan Gurukul, Rajkot

CERTIFICATION

Python Basics & Advanced — Bascom Computer • Aug 2024

CORE STRENGTHS

Problem Solving • Debugging • Team Collaboration • Communication • Quick Learning

LANGUAGES

English • Gujarati • Hindi
